

KUNZ GmbH Aircraft Equipment

KUNZ Wheel & Brake Shop Convention 2020

Dear Madam or Sir,

Hereby we would like to inform you that KUNZ has scheduled a wheel & brake shop convention for 10th of March 2020.

Your attendance to this meeting would be highly appreciated. The last two conventions were beneficial for both, participants and KUNZ.

2018's convention was attended by more than 70 participants from Airlines, MROs and OEMs worldwide.

Since then, a lot of new developments, especially the fully automated torque robot, and improvements have taken place.

KUNZ UAS Universal Assembly and Disassembly Stand with KUNZ UTS NGtronic® Universal Torquing System

KUNZ BTS NGtronic®-C Brake Test Stand

Therefore, KUNZ has decided to carry out a convention in March next year again.

KUNZ GmbH Aircraft Equipment

KUNZ Wheel & Brake Shop Convention 2020

THE FOLLOWING TOPICS WILL BE PART OF THE CONVENTION:

- **Presentation and demonstration of new KUNZ equipment:**
 - BTS NGtronic® – Brake Test Stand fully automated
 - stepMatic for KUNZ BTS – Brake Test Stands
 - DUBB NGtronic® – Dynamic Universal BeadBreaker
 - UTS NGtronic® – Universal Torqueing System next Generation
 - UTT NGtronic – Universal Torque Tool next Generation
 - Fully automated torque robot
 - Bolt inspection and lubrication
 - Rim lifting tool for hub-less aircraft rims
- **Maintenance measures of KUNZ equipment**
- **KUNZ Wheel & Brake Shop App**
- **Lean production / lean workflow**

KUNZ will provide accommodation, meals, local transport as well as airport shuttle.

Kindly note that due to limited spots, KUNZ can only register two participants per company for the event.
